THE CHIMES

Pfeiffer

UNIVERSITY

YEARBOOK

2003

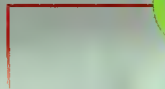

Digitized by the Internet Archive
in 2012 with funding from
University of North Carolina at Chapel Hill

<http://archive.org/details/chimes2003pfei>

We will be
recognized as
the model
church-related
institution
preparing
servant
leaders for
lifelong
learning.

OUR VISION

he Chimes staff dedicates this year's edition to Dr. Charles M. Ambrose, president of Pfeiffer University. Dr. Ambrose is completing his fifth year at Pfeiffer and is regarded by many as being the driving force in the resurgence taking place at Pfeiffer.

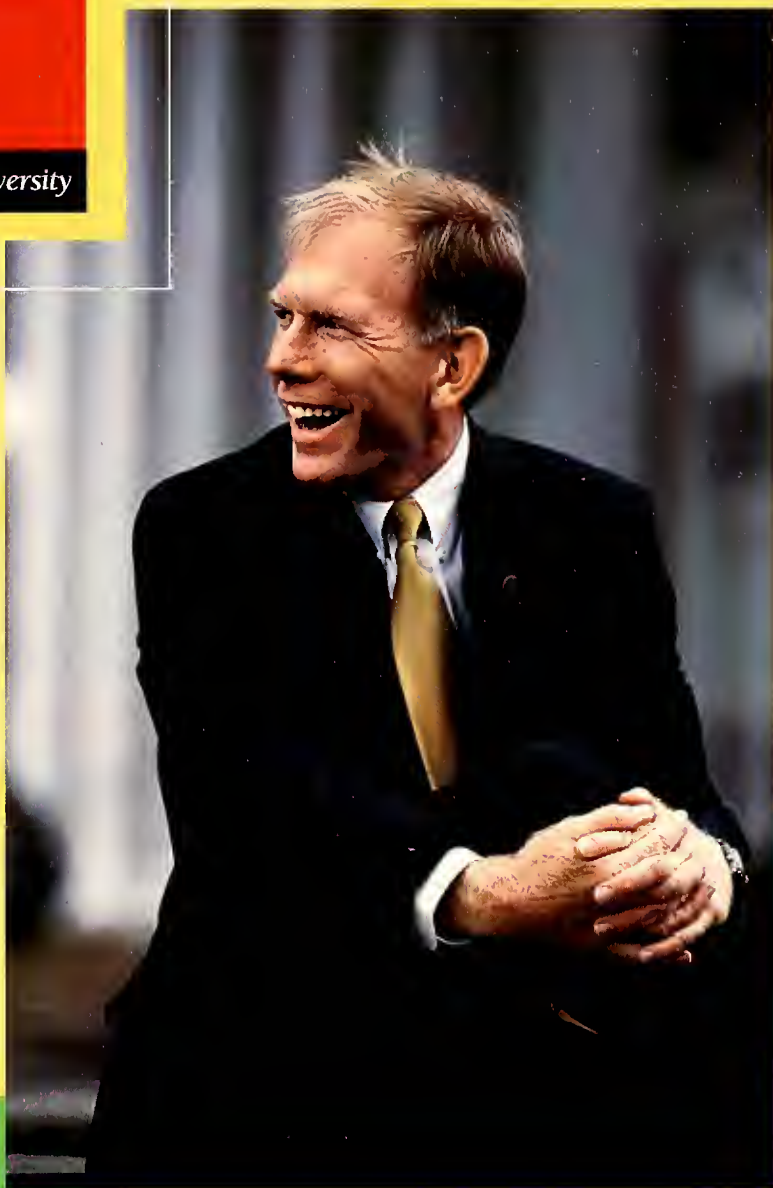

During his tenure, enrollment(s) has grown on average 10 percent each year. The residential student population has increased by 25 percent over the past four years. Through successful fundraising endeavors, Dr. Ambrose has led the institution in unprecedented renovation and construction efforts. The campus is now enjoying a renovated Knapp Health & Fitness Center – the first of its kind on campus – where one can exercise and enjoy a latte! Jane Freeman Hall has received a much-needed renovation and provides faculty and students a quality learning and teaching environment. This fall, the campus community dedicated the first newly constructed academic building in over 30 years – the science laboratory facility adjoining Harris Hall. In addition, students competed this fall to claim space in the newly constructed residence hall, which added 72 private bedrooms – and bathrooms – to the campus' residential living experience.

“Dr. Ambrose is regarded by many as being the driving force in the resurgence taking place at Pfeiffer.”

But the transformation of the Pfeiffer experience is more than renovated buildings and increased enrollments. Dr. Ambrose has kept in perspective why these efforts are needed. Students are his first priority. Dr. Ambrose continues to make every effort to create a learning and living environment that imparts not only knowledge, but nurtures our souls and equips us to be servant leaders.

Dr. Charles
Ambrose

president of Pfeiffer University

Ambrose

The Chimes would like to thank everyone who helped us on our way in making this yearbook.

Small classes and quality teaching, supported by the practical application experiences gained through internships, cooperative partnerships, mentorships, and student research, keep Pfeiffer students actively engaged in learning.

LEARNING

Serving

Understanding and clarifying values is critical to the future success of Pfeiffer graduates. The University offers a variety of residential and extracurricular programs that allow students to further develop their leadership skills.

Growing

Developing servant leadership is at the core of a Pfeiffer education. Opportunities for further character development, spiritual growth and volunteerism are readily available through ministries, missions, human service, and volunteer organizations.

APRILFEST 2002

During the week of April 15-21 Pfeiffer University celebrated its annual week-long Aprilfest. During this week there were many different events in which student teams could compete. Some of these included lip sync, road rally, and tug of war. There were also dress up days for the week. At the end of the week there was an all day celebration featuring many different bands, an obstacle course, water balloons, and the Pepsi cart. Aprilfest ended on Saturday night with a dance!

"You get the best out of others when you give the best of yourself." HARRY FIRESTON

Learning

Small classes and quality teaching, supported by the practical application experiences gained through internships, cooperative partnerships, mentorships, and student research, keep Pfeiffer students actively engaged in learning.

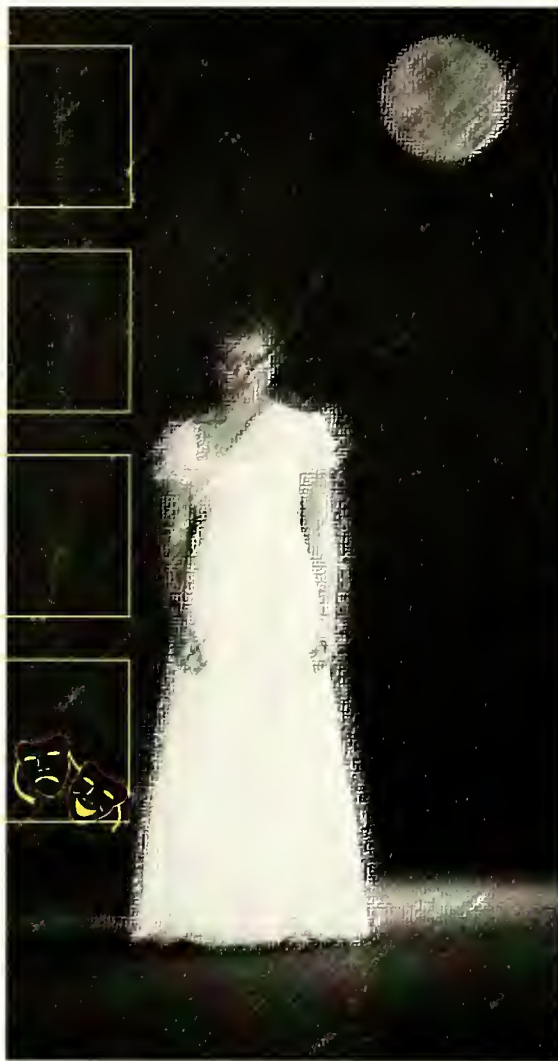

Understanding and clarifying values is critical to the future success of Pfeiffer graduates. The University offers a variety of residential and extracurricular programs that allow students to further develop their leadership skills.

SERVING

Developing servant leadership is at the core of a Pfeiffer education. Opportunities for further character development, spiritual growth and volunteerism are readily available through ministries, missions, human service, and volunteer organizations.

GOLF

With 3 All-Americans (2 seniors) & 5 Academic All-Americans (an NCAA record for a single golf team) last year, the Pfeiffer golf team had a tough act to follow. A #2 ranking in the nation for all divisions would suggest the team has been up to the challenge! Only Clemson is ranked higher.

Won 4 out of 5 tournaments
(three of which included eight or more nationally ranked teams)

Pfeiffer record 286.6 team scoring average (almost two under par as a team) for the season. Five consecutive rounds under par as a team, and eight out of 11 rounds under par for the season.

3 players, Andrew McArthur, Russ Jones & Luke Poulter posted average scores under par for the season. All three are ranked individually in the top 20 of NCAA Division II.

Andrew McArthur indicated he was ready for the fall golf season when he won the Scottish Amateur Championship (pictured at left) just before returning to Pfeiffer for his senior year. He has a 70.22 scoring average and is ranked #7 in the country (all divisions). He is hoping to earn a place on the Walker Cup, the amateur version of the (US v. Europe) Ryder Cup.

Chad,

Another chapter closes, and a new one begins....

It has been a great four years watching you go through school, play lacrosse and turning into, as the saying goes, "a grown man."

May the next chapters in your life bring you all the joy and satisfaction this one has brought to us as we watched you change. The challenges ahead will be different than the ones you have faced, but we know you will meet them head on and conquer them with the same determination you showed during your time here at Pfeiffer.

To Lax 12, all our love and best wishes for a bright future.
Mom, Dad, and Troy

Pfeiffer
Chimes

A tragedy happened at Pfeiffer University during the fall semester of 2002. Matthew Wagoner, a junior, was killed in an automobile accident on Hwy. 49 on his way to work. He had just transferred to Pfeiffer the semester before from UNCC, where he was a member of the Kappa Sigma fraternity. While at Pfeiffer, Matt was a Special Education major. Matt was born on April 9, 1980 and was from Denton, NC. He was killed on October 16, 2002. He was only 22 years old. He was a very good friend to me and he will be missed around Pfeiffer's campus.

Elisabeth Howell

"There are friends who destroy each other, but a real friend sticks closer than a brother." Psalms 18:24

*In Memory of Matthew David Wagoner
April 14, 1980-October 16, 2002*

MITCHELL HELMS

*"A very
compassionate
teacher who
cared a lot
about his
students,
cared about
math, cared
for you and
overall, a
great teacher"*

MAUREEN REGAN

Pfeiffer student, Senior

Mitchell Helms lost his battle with cancer on March 9, 2003. He is survived by his wife, Cami Carpenter Helms, and his daughters, Katherine and Mariah. He was only 36 years old.

Mitchell Helms was a math professor here at Pfeiffer University for a number of years. I remember when I took his class, he had a smile on his face and his cheeks went to red, mainly because of the joy he received when teaching and helping students who took his classes. It was very noticeable that he was a wonderful teacher who enjoyed his work, and that will always be rare.

As part of the "Relay for Life" and "Ride for the Ribbon" campaigns that have been going on throughout the school year, Wednesday, March 19, 2003 was a day called, "Wear the Ribbon Day," where students wore ribbons in honor of Mitchell Helms and others who have lost their lives or have been affected by cancer.

This loss has affected community life on the campus of Misenhiemer. It is unusual for a community to lose someone who teaches on a daily basis. I interviewed several students who had classes with Mitchell Helms and they had something to say about the late Mitchell Helms...

ISAAC CRISP | *Sophomore* | "He was a great teacher. Always positive about things and always had a smile on his face."

CHARLOTTE DIXON | *Freshman* | "He was one of the best math teachers that I ever had. It's just very sad to lose such a good teacher. I feel bad for his family."

JESSICA FLETCHER | *Senior* | "One thing that comes to mind is that he cared. He cared about what he was doing and he cared if you know what you were doing."

ADAM COBB | *Freshman* | "Always happy, had a smile on his face, never seemed to be down or upset about anything; he was generally always in a good mood no matter what happened."

TALINA PRICE | *Junior* | "I think how helpful and willing he was to go out of his way to help you out. He stayed after class to help me with my problems and even let students call him at home for help."
